1. **Downward deviations are not permitted.** The rates contained in this manual are not subject to downward deviations. ATG agents are required to charge a premium amount that is required pursuant to the terms of this rate and rule filing.
2. **Underwriting co-examination and rate approval needed prior to issuance of Commitments in excess of \$1,500,000.** Proposed Commitments in excess of \$1,500,000 require underwriting co-examination and rate approval from the ATG Wisconsin office. The complete search, including recorded documents and prior policy, if available, must be submitted for underwriting review.
3. **Multiple parcels, single policy.** Policies that insure two or more parcels shall be subject to additional charges for search and examination. The Amount of Insurance will be based on the Insured's estimate of the total value of the multiple parcels.
4. **Additional Charges.** ATG reserves the right to make additional charges, as needed, to properly compensate ATG and/or its agents for unusual circumstances, additional work, or extraordinary risk. The additional charge will give due consideration to loss and expense experience, character of risk assumed, and other relevant factors.
5. **Binding obligation to issue policy.** ATG has a binding obligation to issue a policy when the requirements of the Commitment have been fulfilled and all appropriate fees have been collected.
6. **Policy coverage.** A policy that insures an amount other than an even thousand dollars of coverage shall be charged at the rate applicable for the next higher \$1,000 of coverage.
7. **Reinsurance Charges.** If a policy issued by ATG in which a portion of the risk is ceded to a reinsurer, ATG reserves the right to charge premiums equal to the reinsurance premium charged to ATG for that reinsurance in addition to the premium rates filed herein. Such reinsurance premiums may include charges imposed by the reinsurer for endorsement coverages.
8. **Calculation of Title Premium.** Liability amounts shall be rounded up to the nearest \$1,000 of title insurance. All rates and charges shall be rounded up to the nearest whole dollar at the final calculation.

The first \$1,500,000 of the original policy rate for minimum and maximum charges are set forth in the attached Appendix A.

All commitments and policies over \$1,500,000 require high risk and rate approval from the ATG Wisconsin office prior to issuance of the commitment.

B. Reissue Rate

The Reissue Rate can be used in conjunction with an Abstract or a Policy of Title Insurance, be it an Owner's Policy, Bifurcated Owner's Policy, Leasehold Owner's Policy, Leasehold Loan Policy, or Residential or Non-Residential Loan Policy. The Reissue Rate can also be used with a prior Commitment, provided there is evidence that the proposed Insured named therein was entitled to a policy. It is not available for use with the Residential Refinance Loan Policy Rate or with the Simultaneous Rate. A copy of the prior Policy, Abstract, or Commitment, for which the reissue rate was determined appropriate, must be maintained in the issuing agent's office. The Reissue Rate is calculated at 80% of the original policy rate. The minimum premium shall not be less than \$425.

C. Residential Refinance Loan Policy Rate

1. Expedited Searches

A Residential Refinance Loan Policy Rate (expedited search) is available for residential refinances of an existing mortgage debt with the same or different lender, a junior mortgage that is a Purchase Money Mortgage, or for a mortgage on a lien-free residential property. The premium shall be charged at the following rate where the search is expedited:

Amount of Insurance	Expedited Search Rate
First \$350,000	\$350.00
Over \$350,000	Add \$1.00 per thousand

An expedited search does not include a search of easements and restrictions. The Loan Policy must include a general exception as to the lack of coverage for easements and restrictions of record.

2. Full Searches

A Residential Refinance Loan Policy Rate (full search) is available for residential refinances of an existing mortgage debt with the same or different lender, a residential junior mortgage, or for a mortgage on a lien-free residential property. The premium shall be charged at the following rate where a full search is completed:

Amount of Insurance	Full Search Rate Range
First \$350,000	\$475.00
Over \$350,000	Add \$1.00 per thousand

A full search includes a search of easements and restrictions of record and must be raised in Schedule B-II as an exception, unless insured over.

The Reissue Rate is not available for a Residential Refinance Loan Policy on expedited and full searches.

The Residential Refinance Loan Policy Rate is not available for the following residential Loan Policies:

- Residential Construction Loan Policy Rate (Section II, paragraph D)
- Residential New Construction Refinance Rate (Section II, paragraph E)
- Simultaneous Rate (Section II, paragraph F)
- Bifurcated Owner's and Loan Policy Rate (Section II, paragraph G)
- ALTA Residential Limited Coverage Junior Loan Policy Rate (Section II, paragraph I)

ATTORNEYS' TITLE GUARANTY FUND, INC.
RATES AND RULES FILING: STATE OF WISCONSIN

D. Residential Construction Loan Policy Rate

The Residential Construction Loan Policy Rate is available for Loan Policies that insure a mortgage on residential property given to pay for new construction when no Owner's Policy will be issued. This rate is available when a full search of the property is completed, which includes a search of the easements and restrictions of record. The rate is also available when a prior Owner's Policy is provided at the time of ordering the Construction Loan Policy and a full search is made updating the prior policy. The title premium shall be:

Amount of Insurance		Full Search Rate	
First	\$350,000		\$450.00
Over	\$350,000	Add	\$1.00 per thousand

The Reissue Rate is not available when a Loan Policy is the only policy being issued for a residential construction loan product. However, in situations where an Owner's and Loan Policy or Policies will be issued simultaneously, the premium shall be based on the Original Policy Rate, Reissue Rate, and Simultaneous Issue Rate, as applicable.

E. Residential New Construction Refinance Rate

A Residential New Construction Refinance Rate should be used when a construction loan is being refinanced into permanent financing with the same lender that financed the construction loan. A new Policy may be issued by the same issuing office to insure the Mortgage securing the permanent financing for a premium of \$150 up to the construction loan amount. If the permanent financing exceeds the amount of the construction loan, additional insurance will be provided at the Original Policy Rate set forth in Section II, paragraph A.

F. Simultaneous Rate

A Simultaneous Rate shall be charged when one or more Loan Policies or Leasehold Loan Policies, issued at the same time an Owner's Policy is issued, insuring the lien of one or more mortgages executed by the same mortgagor and recorded simultaneously with the insured deed or mortgage.

The rate for the Loan Policy or Loan Policies simultaneously issued will be \$350 for a Residential Property and \$400 for Non-Residential Property. The simultaneous rate shall apply up to an Amount of Insurance not in excess of the Owner's Policy, or the loan amount insuring a senior lien if no Owner's Policy is being issued. If the Loan or Leasehold Policy or the cumulative amount of multiple policies exceeds the amount of the Owner's Policy, the charge for such additional insurance shall be at the Original Policy Rate as set forth in Section II, paragraph A.

In all cases, the Owner's Policy, if issued, shall be for the full market of the premises. The title must be certified down to a date, which will be the filing for record of all instruments creating the interest(s) being insured. The Owner's Policy must show any mortgage as an exception under Schedule B.

G. Bifurcated Owner's and Loan Policy Rate

A Bifurcated Owner's and Loan Policy Rate shall be charged when a buy/sell transaction is bifurcated. This occurs when the Owner's Policy and Loan Policy are issued by different underwriters authorized to issue title insurance in Wisconsin. The Bifurcated Loan Policy Rate is for residential properties exclusively. Non-residential Loan Policies are charged at the Original Policy Rate as set forth in Section II, paragraph A, or at the Reissue Rate, if applicable.

1. Owner's Policy

ATG, issuing an Owner's Policy in a bifurcated transaction, shall charge a title premium at the Original Policy Rate as set forth in Section II, paragraph A, or at the Reissue Rate, if applicable.

2. Loan Policy

ATG, issuing a Loan Policy in a bifurcated transaction for Residential Property, shall charge a title premium of \$350 for up to \$1,000,000 in liability. An additional premium of \$0.75 per \$1,000 is charged for any policy in excess of \$1,000,000. The Reissue Rate is not applicable to this rate. Any additional Loan Policies to be issued, not exceeding the amount of the purchase, shall be issued in accordance with the Simultaneous Issue Rate. If the aggregate liability of the Loan Policies exceeds the amount of the purchase, Original Policy Rates, or Reissue Rates, when applicable, shall apply on the excess liability.

H. Foreclosure Commitment Rate

ATG, issuing a foreclosure commitment to a lender, shall charge a title premium rate of \$350 for \$15,000 of liability. Any increase in liability will be billed at the Original Policy Rate. The Foreclosure Commitment Rate shall include two update endorsements to be issued within eight (8) months from the effective date of the foreclosure commitment.

RATES AND RULES FILING: STATE OF WISCONSIN

I. ALTA Residential Limited Coverage Junior Loan Policy Rate

ATG, issuing an ALTA Residential Limited Coverage Junior Loan Policy, shall insure junior loans, such as home equity lines of credit and second mortgages, on Residential property only. The reissue rate may not be used on an ALTA Residential Limited Liability Junior Loan Policy. This policy may not be used to insure a junior mortgage that is a Purchase Money Mortgage or to insure a mortgage on an otherwise lien-free property. The rate shall be \$125 for the first \$150,000 of insurance and \$1.00 per \$1,000 thereafter.

J. Master Owner's Policy and Take-Off Policy Rate

1. Master Owner's Policy

ATG, issuing a Master Owner's Policy, shall charge a title premium at the Original Policy Rate as set forth in Section II, paragraph A. The Amount of Insurance may be increased by endorsement if the title remains insurable. The additional insurance shall be charged based on the Original Policy Rate, which is in force at the time, and at the applicable rate bracket.

The Owner's Master Policy must be issued prior to any Take-Off Policies or commitments on any portion of the real estate and such policy must contain the following language:

It is stipulated that any Owner's, Loan, Leasehold, Take-Off Policies, or commitments that are issued from this Master Policy shall result in a deduction in the Amount of Insurance for this Master policy. Liability under this Master policy will be reduced by the cumulative amount of such Take-Off Policies.

2. Take-Off Policy

A "Take-Off" Policy is an Owner's Policy issued on the sale of a parcel of real estate or condominium unit already issued under a Master Policy underwritten by ATG. The rate for the Take-Off Policy is a minimum of \$125 and a maximum of \$200 for residential property. The Take-Off rate for non-residential property is \$350.

K. Owner's Policy Issued in Fulfillment of Land Contract

ATG, issuing an Owner's Policy upon the fulfillment of a land contract when the same Owner has previously been insured as a vendee under a land contract, shall charge an Owner's policy rate that is the simultaneous rate plus 30% of the applicable premium for the original vendee's policy.

L. Miscellaneous Rate

1. Charitable Non-Profit Organization Rate

ATG may reduce its charge to \$0.50 per \$1,000 when issuing an Owner's or Loan Policy that pertains to an Internal Revenue Code Section 501(c)(3) Organization. Agent approval must be obtained from the ATG Wisconsin Managing Attorney before the commitment and/or policy can be issued by the agent.

2. Employee/Agent Rate

An employee of ATG or an ATG Member and their employees may receive a 30% discount off the applicable title premium rate for the sale or mortgage of their primary residence.

SECTION III: MISCELLANEOUS CHARGES

A. Additional Parcels or Chains

In the event more than one parcel or chain of title is involved in the issuance of any policy, the insurer may charge up to an additional \$200 for each additional parcel or chain for residential policies and up to an additional \$500 for each additional parcel or chain for non-residential policies. ATG retains the right to charge additional amounts should any additional parcel or chain search require an unusual amount of work, as determined by the ATG.

B. Court Proceedings

When ATG is required to examine court files from any Federal, State, or Bankruptcy Court in order to complete its title examination, a charge of up to \$300 may be assessed.

SECTION IV: ENDORSEMENTS

Endorsements insured by ATG shall be charged at the premium rate indicated on the attached Endorsement list (pages 6-8). Premium charges for any endorsements not listed shall be determined by ATG and premium charged will be reasonable for the work and services performed and the risk assumed. Premiums for Endorsements shall be charged at the original rate for the first Policy issued in a single transaction and at 50% of the original rate for each simultaneously issued Policy in connection with said transaction.
