# COMPUTER LEASING PROGRAM

*Lease state-of-the-art computer equipment with small monthly payments, below-market interest, and no up-front payments or fees!*

## FIVE REASONS TO LEASE FROM ATG®

- **Small monthly payments**
- **Below-market interest**
- **No downpayment**
- **Minimal increase in your overhead**
- **\$1 price tag at the end of your lease**

## LEASE COMPUTERS THROUGH ATG® AND SAVE BIG!

Active ATG members have two leasing options:

1. You choose a Dell computer system (ATG can provide sample Dell configurations and quotes or you can visit the medium to large business section of Dell's website [www.dell.com/us/en/biz/default.htm](http://www.dell.com/us/en/biz/default.htm)) and ATG will lease it to you. We get the equipment for you at a below-market interest rate (**½% below the prime rate** in effect at the time of quotation) and you choose a 24- or 36-month lease — each includes a three-year warranty and next business day on-site Dell priority service.
2. You choose a computer equipment and service provider and ATG works with them to secure the equipment under the same conditions as above. Any warranties you choose to purchase will be included in the payment schedule.

At the end of either lease option, you can buy the equipment for \$1 or return it to ATG.

**WARNING: If you plan to use a new computer for ProFUND® or any other DOS application, you must order the Windows 98 (SE) operating system and a model that is compatible with the Windows 98 system. ProFUND and other DOS applications may not work with Windows 2000 or Me. ATG cannot provide support for ProFUND installations on Windows 2000 or Windows Me.**

## LEASE YOUR COMPUTER NOW!
